NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

Note 1. - Summary of Significant Accounting Policies

The accounting policies of the State of Arizona (State) are in conformity with Generally Accepted Accounting Principles (GAAP) as applicable to governmental units and are consistent with the Arizona Revised Statutes. Although accounts are separately maintained for each fund in the accompanying financial statements, funds that have similar characteristics have been combined into fund types. The following is a summary of the more significant accounting policies:

A. Fund Accounting

The State utilizes Fund Accounting to account for and report on its financial activities. A fund, which is established for a specific purpose in accordance with the law, is a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses. Funds are grouped into three broad categories as follows:

GOVERNMENTAL FUNDS

GENERAL FUND	A self-balancing set of accounts used to account for all financial resources except those required to be accounted for in another fund.
SPECIAL REVENUE FUNDS	A self-balancing set of accounts used to account for the proceeds of specific revenue sources (other than expendable trusts) that are legally restricted to expenditures for specified purposes.
PERMANENT FUNDS	A self-balancing set of accounts used to account primarily for activity related to grants made to the State for schools and public institutions.
OTHER GOVERNMENTAL FUNDS	A self-balancing set of accounts used to account for other government financial resources except those required to be accounted for in the General Fund or designated as Special Revenue Funds.

PROPRIETARY FUNDS

ENTERPRISE FUNDS	A self-balancing set of accounts used to account for operations that are financed and operated in a manner similar to private business enterprises.
INTERNAL SERVICE FUNDS	A self-balancing set of accounts used to account for the financing of goods and services provided by one department to other departments of the State.

FIDUCIARY FUNDS

FIDUCIARY FUNDS	A self-balancing set of accounts used to account for assets held by the State in a trustee capacity or as an agent for individuals, private organizations and other governments.
-----------------	--

B. Basis of Accounting

The Annual Financial Report is prepared for funds on a cash basis of accounting in accordance with State law. Under the cash basis of accounting, revenues and expenditures are recognized when recorded in the State's central accounting system, the Arizona Financial Information System (AFIS). No adjustment has been made to revenues or expenditures for unrecorded accounts receivable, accounts payable, deferred revenue or other accrual. Disbursements of appropriated monies, including related operating transfers, are reported as expenditures. The audited financial statements prepared in accordance with GAAP are published annually in the State's Comprehensive Annual Financial Report (CAFR).

Note 1. - Summary of Significant Accounting Policies (Continued)

C. Reporting Entity

The accompanying General Fund cash basis financial statements include transactions of the following funds and accounts: the Tax Refund Account, the Urban Revenue Sharing Fund, and the Excise Fund. These funds were included in the financial statements for the fiscal years ending June 30, 2014 and 2015 (FY14 and FY15) to more accurately reflect ending General Fund Total Cash.

D. Fiscal Year Reporting

In accordance with A.R.S. § 35-102, the State operates on a fiscal year beginning July 1 and ending on the subsequent June 30. This report primarily covers Fiscal Year 2015 (FY15), the fiscal period ending June 30, 2015.

E. Budgets and Appropriations Accounting

The State follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Annually the Governor submits to the Legislature a proposed operating and capital outlay budget for the fiscal year commencing the following July 1. This document includes proposed expenditures and the means of financing them.
2. Public hearings are then conducted during legislative sessions.
3. Prior to July 1, the budget is enacted through passage and approval of bills containing appropriations.
4. Appropriation accounting is then employed as a management tool to monitor the appropriated monies.

F. Rounding Differences

The information shown in the detail statements has been rounded to the nearest dollar, and therefore, minor differences may be found when adding the columns down or the rows across. The rounding differences are inconsequential.

Note 2. - Description of Financial Statements

- A. The accompanying financial statements include a Comparative Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balance for the General Fund. The Comparative Balance Sheet for the General Fund provides additional detail in arriving at the amount for total assets and liabilities. The separate line items are composed of Cash with the State Treasurer (which may include cash and cash equivalents), Cash Not with the State Treasurer, and various receivable and payable items. This presentation provides additional transparency of the financial statements and highlights the difference between Cash and Fund Balance.
- B. The Statement of Expenditures - Appropriation to Actual, Budgetary (Legal) Basis is presented for all General Fund appropriations, including all capital appropriations from the General Fund.
- C. Administrative Adjustments are shown as Note 9 to the financial statements.
- D. The General Fund is presented prominently in the Annual Financial Report (AFR) due to its significance. The Statements of Revenues, Expenditures and Changes in Fund Balance are presented for all other funds accounted for in the AFIS. The statements include beginning and ending balances for the current fiscal year as well as appropriated and non-appropriated activity in each fund. See Note 5 for additional detail on these statements.

Note 3. – Statement of Expenditures – Budgetary to Actual - Description of Selected Columns

A. Supplemental Appropriations and Adjustments

The column titled Supplemental Appropriations, Mid-Year Reversions and Adjustments, shown on the Statement of Expenditures - Appropriations to Actual, includes the following:

Supplemental and Special Appropriations are either the additional spending authority (appropriation) granted by the Legislature after the General Appropriations Act is approved or other Session Law appropriations granted by the Legislature to a State agency or department for a specific program or purpose.

Transfers and adjustments are the movements of monies or spending authority between or within funds, departments, and programs in accordance with the Arizona Revised Statutes.

Mid-year reversions (when applicable) are the return of spending authority (appropriation) originally granted to a State agency or department through the appropriation process prior to the completion of the authorized spending period.

B. Lapsed Appropriations

In accordance with A.R.S. § 35-190, except as otherwise provided by law, all appropriations lapse after the close of the fiscal year. The unused spending authority (appropriation) which was originally granted to a State agency or department through the appropriation process expires. The term “reversion” is sometimes used in reference to these lapsed appropriations. The amount of lapsed appropriations from the General Fund for FY15 is \$147,104,868 from General Operations and \$27,858 from Capital Outlay.

C. Continuing Appropriations

A continuing appropriation is spending authority that, once established, is continuous, period after period, until amended or revoked. In the State of Arizona, continuing appropriations are primarily for construction or other projects that take longer than one year to complete. The total General Fund reserved for continuing appropriations of \$63,630,741 is comprised of \$51,167,852 from General Operations, \$21,610,179 from Capital Outlay, and reduced by the restricted School Accountability Fund balance of \$9,147,290.

Note 4. – Budget Stabilization Fund

A.R.S. § 35-144 established the Budget Stabilization Fund (BSF) in 1990. The BSF is sometimes referred to as the rainy day fund. The purpose of the BSF is to normalize the financial fluctuations of the State’s high and low growth rates. The amount of cash transferred to or from the BSF and the General Fund - General Operations is established by statutory formula. No operating expenditures may be made from the BSF. Interest earned on pooled investments with the State Treasurer is the basic revenue source of the BSF. The beginning FY15 balance for the BSF was \$455,333,904; the ending FY15 balance for the BSF was \$457,348,671.

Note 5. – Statement of Revenues, Expenditures and Changes in Fund Balance

A.R.S. § 35-131.E, requires the AFR to include all appropriated and non-appropriated monies. The General Fund is presented prominently in the AFR due to its significance. In accordance with the revised statute, the Statement of Revenues, Expenditures and Changes in Fund Balance presents appropriated and non-appropriated activity for all other funds accounted for in the AFIS as well as beginning and ending balances for each fund. As required, this report includes non-appropriated activity in the same detail as the General Fund. The Statement includes appropriated activity, when applicable, for each fund but summarized within a single line item labeled “Appropriated Activity.”

Note 5. – Statement of Revenues, Expenditures and Changes in Fund Balance (Continued)

During the course of the report compilation, a number of funds with negative balances were noted. No analysis of the accounts that comprise the negative balances was conducted as to the cause or the resolution. The following funds were noted with negative balances:

OTHER GOVERNMENTAL FUNDS:

Unclaimed Property Fund - Department of Revenue (RVA 1520)
Credit Card Clearing Fund - Department of Health Services (HSA 2600)

SPECIAL REVENUE FUNDS:

Receivership Liquidation - Department of Insurance (IDA 3104)
Cash Deposits Fund - Department of Transportation (DTA 2266)
Game and Fish Revolving Fund - Game and Fish Department (GFA 2028)

INTERNAL SERVICE FUNDS:

Motor Vehicle Pool Revolving Fund - DOA-Risk Management (ADA 4204)

FIDUCIARY FUNDS:

LGIP-COP Investment Held for Trustee - State Treasurer (TRA 3168)
Treasurer Administrative Fund - State Treasurer (TRA 3736)
Local Trans Assistance - State Treasurer (TRA 3848)
Developmental Disabilities Fund – Department of Economic Security (DEA 3145)
Manufactured Housing Cash Bond - Department of Fire, Building and Life Safety (MMA 3722)
Registrar of Contractors Cash Bond Fund - Registrar of Contractors (RGA 3721)

For management reporting purposes, certain accrual adjustments are recorded in the AFIS. This activity is consistent with the statutory or legal basis upon which the AFR is prepared and has not been modified. Current year adjustments to prior year accruals, such as refunds of prior years' expenditures or adjustments to long-term debts or receivables, are reflected in the Fund Balance report as an adjustment to the beginning fund balance. Additionally, other entries are current year transactions and are shown as GAAP Revenue and GAAP Expenditure Offsets. Revenue offsets are frequently the result of adjustments to amounts recorded as Due to Other funds. Expenditure offsets are most commonly related to depreciation and adjustment of fixed assets. GAAP Revenue and GAAP Expenditure Offsets are recorded in the Fund Balance Report in their respective revenue and expenditure columns. Furthermore, a number of funds have year-end cash balances in the AFIS, but other balance sheet accounts offset the cash resulting in a net fund balance of zero. This occurs most commonly with the Credit Card Clearing Fund.

Fund activity in the Fund Balance Report is shown on the statewide fund level. Some funds have activity with more than one agency and the report separates the activity within the fund by agency. Funds with activity in more than one section are listed in both sections and cross-referenced. For comparison purposes and consistency with the Statement of Expenditures – Appropriation to Actual, the Department of Economic Security Federal Grant Fund has not been combined on a statewide level. Detail is provided for each separate grant type.

Note 6. – Disproportionate Share Hospital Payments

Hospitals that have a qualifying Medicaid Inpatient Utilization Rate and uncompensated care costs are eligible to participate in the Disproportionate Share Hospital Program (DSH) which provides supplemental funding to those participating hospitals. In the State of Arizona, the Arizona Health Care Cost Containment System, under a Section 1115 waiver approved by the Centers for Medicare and Medicaid Services (CMS) of the U.S. Department of Health and Human Services, and the Arizona State Legislature, is authorized to make payments to Arizona hospitals that provided care to a disproportionate share of the State's indigent population. Under the approved waiver, AHCCCS transferred \$163,188,059 to the State General Fund in FY15. The Affordable Care Act requires annual aggregate reductions to the program totaling \$18.6 billion through Federal Fiscal Year (FFY) 2020 beginning with a \$500 million reduction in FFY 2014. Arizona's share of the FFY 2014 amount is being determined by CMS pursuant to the DSH Health Reform methodology.

Note 7. – Credit Card Payments by Governmental Entities

A.R.S. § 35-391, requires governmental entities to disclose in their annual financial report the amount of any reward, discount, incentive or other financial consideration received resulting from the use of credit card payments by governmental entities. During FY15, \$277,238.83 in incentives were received from the use of credit card payments by State agencies, excluding universities.
